SURVIVING TO THRIVING STORY

"Jane" was a victim of both sexual assault and sex trafficking. She reached out to the Women's Center and took big steps toward healing. She began counseling and started tutoring through Expanded Horizons at the Women's Center. Jane has come a long way this year. She now has a home of her own, recently earned a GED, secured a full time job, she even has a few college courses under her belt. Jane says she never thought any of this was possible, and will forever be grateful to the Women's Center for the life changing support she received.
